About us

The British Council is the UK's international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections and engendering trust.

We work with over 100 countries across the world in the fields of arts and culture, English language, education and civil society. Each year we reach over 20 million people face-to-face and more than 500 million people online, via broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body.

Geopolitical/SBU/Function overview:

The British Council in Nigeria is implementing the European Union Conflict Management in Nigeria programme under their Trust Fund (EUTF) and the Rule of Law and Anti-Corruption programme in Nigeria under their Development Fund programme (EUDF). We are implementing the Agents for Citizen-driven Transformation (ACT) Programme under the European Union development fund. In partnership with COFFEY, we are delivering the Policing work under their Conflict Stability and Security Fund (CSSF) and are managing the Programme Coordination Office for DFID's Deepening Democracy in Nigeria Phase 2 (DDiN2) Programme. To support our existing contracts as well as future contracts, we are developing flexible structures that meet the global British Council standards to provide support to our FCR (Justice, Security and Conflict) work in Nigeria.

The Conflict Management programme in North Eastern Nigeria is a €21m EUTF-funded Programme (2017-2021) and works with the overall aim of enhancing state and community level conflict management capability to prevent the escalation of conflict into violence in a number of locations in North-Eastern Nigeria. The Programme has an annual turnover of around £5-£6m and work in 3 states – Adamawa, Borno and Yobe as well as in Abuja. The programme is being

delivered alongside a partner (International Alert) with the British Council leading the contract.

The Rule of Law and Anti-Corruption (RoLAC) programme in Nigeria is a €25m EUDF-funded Programme (2017-2021) and has the overall aim of enhancing good governance in Nigeria by contributing to strengthening of the rule of law, curbing corruption and reducing impunity. The programme has an annual turnover of around £5-£6m and work in 5 states – Adamawa, Anambra, Kano, Lagos, Edo as well as in Abuja.

The Agents for Citizen-driven Transformation (ACT) programme is an EU funded programme being implemented by the British Council. The programme is funded under the 11th European Development Fund (EDF) and will be implemented over a period of five years from July 2018, with the first 6 months serving as the programme Inception Phase for the development of strategies for full programme implementation. The ACT programme will contribute to the progressive achievement of several of the Sustainable Development Goals (SDGs) as well as to the national development priorities identified in the Nigeria Vision 20:20 Economic Transformation Blueprint. The Overall Objective of the programme is to contribute to more inclusive, effective, accountable and gender-responsive development in Nigeria; while its specific objectives is to enhance the credibility and role of CSOs as drivers of change for sustainable development in Nigeria. The programme has an annual turnover of around £3-£4m and will be implemented at the Federal level and in selected states where EU programmes concentrate.

The Nigerian context is generally challenging, having poor infrastructure and currently facing a volatile security situation. There is still a significant reliance on the cash economy, corruption is high and the regulatory and compliance structures that exist are highly ineffective. The overall economic situation is not good with the low oil prices leading to high unemployment, increasing inflation and a shortage of foreign currency causing the value of the Naira to weaken considerably. This makes Nigeria a very challenging environment in which to deliver programmes. The Programme Support Office is located in Abuja, but in an office that is separate from the main British Council office.

The post holder must therefore have the ability to work in an ambiguous and difficult environment in which British Council processes need to be adapted or developed to cope with unusual requirements and difficult context. The post holder will work closely with the programme delivery and management teams as well as having significant interactions with the technical teams and Nigerian partners.
