The Programme Officer will be responsible for managing the administrative and logistical support to programme activities to ensure quality and timeliness of delivery; good control of resources and compliance with agreed programme management systems and processes; ensuring full and complete budgets are prepared and met for all activities with variance reports prepared as and when required; utilize Monitoring and Evaluation tools for measuring results and impacts during the programme lifespan.

About us

The British Council is the UK's international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections and engendering trust.

We work with over 100 countries across the world in the fields of arts and culture, English language, education and civil society. Each year we reach over 20 million people face-to-face and more than 500 million people online, via broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body.

Geopolitical/SBU/Function overview:

The British Council in Nigeria is implementing the European Union Conflict Management in Nigeria programme under their Trust Fund (EUTF) and the Rule of Law and Anti-Corruption programme in Nigeria under their Development Fund programme (EUDF). We are in the process of agreeing with the EU to deliver the Agents for Citizen-driven Transformation under the development fund. In partnership with COFFEY, we are delivering the Policing work under their Conflict Stability and Security Fund (CSSF) and have plans to position ourselves for DFID's forthcoming Anti-Corruption in Nigeria (ACorN) programme. To support our existing contracts as well as all future contracts, we are developing flexible structures that meet the global British Council standards to provide support to all our Full Cost Recovery (FCR) (Justice, Security and Conflict) work in Nigeria.

The Managing Conflict in North-East Nigeria (MCN) Programme is a €21m EUTF-funded Programme (2017-2021) and works with the overall aim of enhancing state and community level conflict management capability to prevent the escalation of conflict into violence in a number of locations in North-East Nigeria. The Programme has an annual turnover of around £5-£6m and will work in 3 states – Adamawa, Borno and Yobe as well as in Abuja. The programme is being delivered alongside a partner (International Alert) with the British Council leading the contract.

The Rule of Law and Anti-Corruption (RoLAC) programme in Nigeria is a €25m EUDF-funded Programme (2017-2021) and has the overall aim of enhancing good governance in Nigeria by contributing to strengthening of the rule of law, curbing corruption and reducing impunity. The programme has an annual turnover of around £5-£6m and will work in 4 states – Adamawa, Anambra, Kano and Lagos as well as in Abuja.

The Agents for Citizen-driven Transformation Programme is a €15m EDF-funded Programme (2018-2020) which aims to contribute to the achievement of sustainable development in Nigeria through enhancing the credibility of Civil Society Organizations (CSOs) and enhancing their role as independent development actors and drivers of change. The programme will be implemented at the Federal and in selected states where EU programmes concentrate.

The Nigerian context is generally challenging, having poor infrastructure and currently facing a volatile security situation. Three states remain under an extended State of Emergency - Adamawa, Borno and Yobe. In addition, there is still a significant reliance on the cash economy, corruption is high and the regulatory and compliance structures that exist are highly ineffective. The overall economic situation is not good with the low oil prices leading to high unemployment, increasing inflation and a shortage of foreign currency causing the value of the Naira to weaken considerably. This makes Nigeria a very challenging environment in which to deliver programmes of this size and value. The State Office is located in Yola, Adamawa State.

The post holder must therefore have the ability to work in an ambiguous and difficult environment in which British Council processes need to be adapted or developed to cope with unusual requirements and difficult context. The post holder will work closely with the programme delivery and management teams as well as having significant interactions with the technical teams and Nigerian partners.

Main Accountabilities:

Accountabilities, responsibilities and main duties:

Project management and delivery:

- To provide support for projects and manage and organise events to a high standard and within deadline.
- To liaise with support units to manage the arrangements for visitors including booking travel, accommodation and preparing programmes.
- Provide administrative and logistic support to consultants who deliver programmes.
- To support financial and technical reporting to internal/external clients and customers, ensuring reporting standards are in accordance with client and corporate standards.
- Produce monthly work plan for end client, useful for planning and monitoring of programme implementation.
