About us

The British Council is the UK's international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections and engendering trust.

We work with over 100 countries across the world in the fields of arts and culture, English language, education and civil society. Each year we reach over 20 million people face-to-face and more than 500 million people online, via broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body.

Geopolitical/SBU/Function overview:

The British Council in Nigeria is implementing the European Union Managing Conflict in North East Nigeria (MCN) programme under their Trust Fund (EUTF) and the Rule of Law and Anti-Corruption programme in Nigeria and Agents for Citizen-Driven Transformation (ACT) Programme under the EU Development Fund programme (EUDF). In partnership with COFFEY, we are delivering the Policing work under their Conflict Stability and Security Fund (CSSF) and are managing the Programme Coordination Office for DFID's Deepening Democracy in Nigeria Phase 2 (DDiN2) Programme. To support our existing contracts as well as future contracts, we are developing flexible structures that meet the global British Council standards to provide support to our FCR (Justice, Security and Conflict) work in Nigeria.

The Managing Conflict in North East Nigeria (MCN) Programme is a €21m EUTF-funded Programme (2017-2021) has the overall aim of enhancing state and community level conflict management capability to prevent the escalation of conflict into violence and help mitigate the impact of violence on the most vulnerable population in a number of locations in North-Eastern Nigeria. The Programme has an annual turnover of around £5-£6m and works in 3 states – Adamawa, Borno and Yobe.

The Rule of Law and Anti-Corruption (RoLAC) programme in Nigeria is a €25m EUDF-funded Programme (2017-2021) and has the overall aim of enhancing good governance in Nigeria by contributing to strengthening of the rule of law, curbing corruption and reducing impunity. The programme has an annual turnover of around £5-£6m and work in 5 states – Adamawa, Anambra, Edo, Kano, Lagos, as well as in Abuja.

The Agents for Citizen-driven Transformation (ACT) programme is an EU funded programme under the 11th European Development Fund (EDF) and will be implemented over a period of five years from July 2018. The ACT programme will contribute to the progressive achievement of several of the Sustainable Development Goals (SDGs) as well as to the national development priorities identified in the Nigeria Vision 20:20 Economic Transformation Blueprint. The Overall Objective of the programme is to contribute to more inclusive, effective, accountable and gender-responsive development in Nigeria; while its specific objectives is to enhance the credibility and role of CSOs as drivers of change for sustainable development in Nigeria. The programme has an annual turnover of around £3-£4m and will be implemented at the Federal level and in selected states where EU programmes concentrate.

The Nigerian context is generally challenging, having poor infrastructure and currently facing a volatile security situation. There is still a significant reliance on the cash economy, corruption is high and the regulatory and compliance structures that exist are highly ineffective. The current economic situation is not good with high levels of poverty, high unemployment, rising inflation and inequality. This makes Nigeria a very challenging environment in which to deliver programmes. The State Office is located in Awka, Anambra State.

The post holder must therefore have the ability to work in an ambiguous and difficult environment in which British Council processes need to be adapted or developed to cope with unusual requirements and difficult context. The post holder will work closely with the programme delivery and management teams as well as having significant interactions with the technical teams and Nigerian partners.
